Table A
For each of the 8 Print Fat Quarters, cut 18, 3” x 6” rectangles. It is important that your Fat Quarters be cut accurately (18” x 21”) in order to cut all the rectangles as this uses up all the fabric. See Diagram 1 for the cutting layout.

You will have a few rectangles left over at the end of the project. You can use these to either make an additional column for the quilt or to enhance the back of the quilt.
Assemble Quilt Blocks

Assemble 26 quilt blocks. To achieve a nice balance of color, create 3 quilt blocks from each of the 8 print Fat Quarters and 2 additional quilt blocks from the remaining cut fabric.

Step 1: For each block, sew your fabric columns together as shown in Diagram 2.

**Sewn Columns**
Step 2: Sew your fabric columns together to create a quilt block, as shown in Diagram 3.

Diagram 3

Your 26 finished quilt blocks should measure 11.5” x 13”.
Assemble Quilt Top

Step 1: Once your 26 quilt blocks are created, layout your quilt as shown in Diagram 4. Note that every other column has the quilt blocks flipped upside-down and staggered.

Diagram 4
Step 2: Trim the 4 overhanging quilt blocks, 1/4” past the halfway mark of the block, horizontally, to allow for your seam allowance when finishing your quilt. See Diagrams 5. Your trimmed blocks should measure 6” x 13”.

Step 3: Sew your blocks together in columns.

Step 4: Sew your columns together to form the quilt top as shown in Diagram 6.

Create Quilt Backing and Binding

Create your quilt back, baste, quilt using your preferred method.

Cut 1/2 yard of binding fabric into 7 strips, 2.5” x 42” (width of fabric). Create your binding and bind using your preferred method.

Enjoy your Belle Wave Lap Quilt!
